Senior Lecturer Gavin Wade: "The content provided is of an excellent standard and will be used as the basis for preparing teaching content for 2021 onwards." & "The majority of students I work with as a client fail to achieve the brief set for them, so Lewis is in the company of a very small group of students (from my 17 or so years at the university) who have successfully implemented content I will be able to make use of! Well done Lewis!!"
